Northstar Construction Corp.  
40 Albert Drive  
Leominster, Ma 01453

Dear Jay,

I wanted to let you know that the Firestone roofing system that your company installed is working great. The system was installed very professionally with attention to detail. Our leaking problems are but a thing of the past and with the new system the appearance of our building is better as well, thanks to all the new red trim and down spouts. Firestone said that Northstar was a top notch company and now I am a believer. I will recommend you and Northstar to my other business associates. Thanks again for all the great work.

Sincerely,  
LMRT Properties, LLC
