Dear Jay,

I am writing this letter on behalf of Temple Israel of Natick. Recently, Northstar replaced all five of our lobby roof skylights. I want to commend Northstar on the efficiency and professionalism of the work performed. There was absolutely no disruption to anyone in our building that day.

Several years ago we chose NorthStar to replace some of our roofing. Because NorthStar did such a great job, that is why I called upon you again for this project.

Our sincere thanks and appreciation to John Lazzaro and the entire NorthStar crew. You truly did an outstanding job.

Sincerely,

Karen Yaffe
